CORPORATE OVERVIEW

- OVAL Consulting, LLC is a woman-owned, minority-owned, and small disadvantaged business providing technical and professional services to both private sector clients and government agencies. We specialize in comprehensive program management, IT project management, acquisition administration support, and process improvement. Our focus is on enhancing operational efficiency, driving measurable value, and increasing organizational agility - objectives that align directly with high impact federal and defense initiatives.
- At OVAL Consulting, we thrive on solving organizational challenges—whether it's developing, fixing, streamlining processes, or creating detailed Standard Operating Procedures (SOPs). Our services also include compliance management, risk mitigation, and performance management to ensure operational success. Our mission is to help organizations operate at their best and achieve sustainable, long-term success.
- Our consultants are highly accomplished and results-driven professionals with extensive experience in leading and managing complex, multi-million-dollar projects and programs. We have a proven track record of improving operational efficiency, reducing costs, and delivering projects and programs on time and within budget. Our expertise spans stakeholder management, strategic planning, and team leadership, ensuring our clients receive optimal results.

KEY BUSINESS AREAS

Program & IT Project Management

- Comprehensive program oversight of multi-million dollar projects, including IT project management with expertise in stakeholder engagement, schedule management, and performance optimization. Our project management processes ensure efficiency, cost control, and alignment with mission-critical goals.

IT Consulting & Solutions

- Expertise in managed IT services including monitoring, maintenance, service desk, cloud services, and IT compliance defense.

Governance & Compliance

- Proactive regulatory compliance management and risk mitigation services, including policy adherence, internal audits, and governance frameworks essential to secure and compliant execution.

Management Consulting & Strategic Planning

- Support for organizational restructuring, strategic business planning, and change management. We empower clients to adapt swiftly to dynamic environments, align with evolving requirements, and drive innovation.

Acquisition Admin Support

- Expertise in procurement process management, contract compliance, and vendor coordination to meet complex acquisition needs efficiently and effectively.

Process Improvement

- Tailored strategies for optimizing workflows, developing SOPs, and enhancing process efficiencies, allowing organizations to reduce overhead and improve productivity.
